

An aerial photograph of a music festival at dusk. A large, multi-peaked purple tent with yellow trim is the central focus. Behind it, a vast field is filled with hundreds of small, colorful tents. To the left, a stage area is visible with some structures and people. The foreground is filled with lush green trees. In the background, there are some buildings and a distant city skyline under a sunset sky. The text 'ROCK FOR PEOPLE' is overlaid on the left side, and 'PARK 360' is overlaid on the right side, both in large, white, bold, sans-serif font.
